### **ADAPTIVE TOYS**

*presented by: Jason Rahn*

**Tuesday: March 22, 2022 6:00 pm – 8:30 pm**

Do you care for children with disabilities or special needs? Do you struggle to find the best way to adapt or modify an activity or toy so that the child is able to participate independently? You're not alone. Join **Jason Rahn, a YoungStar Inclusion Analyst from the Department of Children and Families** will share his knowledge on how best to make adaptations in order to include each and every child in your program. You will learn about the different types of adaptations that can be made in order to support a variety of different needs. Examples will range from the simple to the more complex. Jason's focus will be on making adaptations that meet a specific need, but can also benefit the other children in your program.

### **THE BEST PRACTICES FOR TRAUMA INFORMED ENVIRONMENTS THAT ARE INCLUSIVE FOR ALL**
