

# Wisconsin Pyramid Model

## 8-Part Series

### Description:

The Pyramid Model training examines why professional development in social emotional competence is important for children, families, and teachers/caregivers. This training identifies how caregivers can implement the content and strategies of this high-quality professional development related to promoting social emotional competence.

### Learning Objectives:

- Identify why relationships are key to achieving developmental milestone
- Recognize how this framework relates to all early care and education settings
- Explore the need for increasing positive outcomes related to social & emotional development
- Apply training content to program practice
